# ENHANCING CLASSROOM DYNAMICS

***A happy classroom is the foundation of a thriving student.***

**– Anonymous**

On May 8, our teachers attended a workshop focused on fostering interactive, inclusive, and happy classrooms. A happy classroom is one where children eagerly engage, answer questions, and share their thoughts. Interactive methods spark curiosity and foster a love for learning, boosting students' confidence and understanding. The workshop emphasized inclusivity, ensuring every student feels valued and supported. By creating an optimistic and encouraging atmosphere, teachers help each child to reach their full potential. This commitment to interactive and inclusive education nurtures knowledgeable and confident individuals.

## REFLECTING REALITY

Our School's Summer Camp program offered a fun and engaging environment for students to explore new interests, build friendships, and develop essential life skills. Through a variety of activities, our summer camp provided a memorable experience that prepared students for the new academic year ahead.

# Funtastic

## The Joy of Crafting

### *Unleashing Creativity in Our Wards*

Crafting is more than just a pastime; it's a gateway to imagination, self-expression, and joy. In our bustling school, we've witnessed the magic that unfolds when young minds engage in crafting.

Learning to create an origami shirt is a fun and rewarding experience. This activity not only makes a perfect gift but also helps students develop concentration, patience, and curiosity.

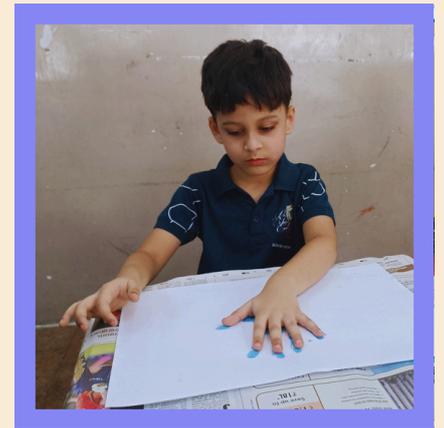

# Impressionist Exhibition

***Creativity is intelligence having fun.***

***-Albert Einstein***

Impression art captures the immediate essence of a moment. We encourage our wards to think beyond instructions. Mix techniques, invent new ones, and let their imagination soar. After all, the best crafts are born from wild ideas. Students at MVM organized their exhibition, showcasing fantastic works. Life is as colourful as their hand impressions, and they discovered that these impressions can lead to more exciting activities. Our wards live by it, turning ordinary moments into extraordinary ones. From ordinary to extraordinary, they weave magic through their wild ideas.

# Board Exam Results

The anticipation of the board exam results is a rollercoaster of emotions for students. It's a time when dreams hang in the balance, and aspirations take flight. At Mahalakshmi Vidya Mandir, this moment has been nothing short of exhilarating.

## REFLECTING REALITY

**The Triumph of Diligence:** Gurupurna R's remarkable achievement of 481 marks in the 10th grade and Shagun Sharma's stellar performance as the 12th-grade topper with 472 marks are awe-inspiring. Their dedication echoes the spirit of Mahalakshmi Vidya Mandir—a place where hard work meets excellence.

**The Role of Support Systems:** Behind every successful student stands a team of teachers, mentors and parents. Mahalakshmi Vidya Mandir's unwavering support has been instrumental in shaping the students' achievements. It's a reminder that education is a collaborative effort.

# Riddles & Brain Teasers
